THE FOUR R'S

REDUCE – to use less

REUSE – to use again

RECYCLE – to change waste into a usable material again

RENEW – to make something new, fresh, or strong again

There are many ways we can help our Earth. Some of the best ways are using the 4 R's of sustainability.

EARTH DAY

Earth Day is a day to celebrate our planet.

It is also a good day to reflect on our planet's problems and how we can make a difference to make our Earth a better place to live.
